- The key content (a worked example, notes or a practical with its expected results), then four practice questions with the answers for the teacher.
- The common mistake to watch for, and ideas for learners who need support and for those ready for more.
- A four-level CBC assessment rubric (EE, ME, AE, BE), homework, and a blank reflection space to fill in after teaching.

A TASTE OF LESSON 1

What is international trade? Imports and exports

By the end of the lesson, the learner should be able to: a) define international trade; b) distinguish imports from exports

> **International trade**
> International trade is the exchange of goods and services across national borders — one country buying from or selling to another. An export is a good or service sold to another country; an import is a good or service bought from another country.
> Kenya's main exports include tea, coffee, horticultural products (flowers and vegetables), and some manufactured goods; its main imports include machinery, petroleum products, and vehicles.
