A TASTE OF LESSON 1

What are rights?

By the end of the lesson, the learner should be able to name some rights of a child

Child rights

Rights are things every child should have: a name, a family's care, food and shelter, education (going to school), health care, play and rest, and protection from harm and cruelty.

Story: When Amani was sick, his parents took him to the clinic. That is his right to health care.

You also receive this pack as an editable Word file, so you can change any lesson to suit your class before you print it. Lessons follow the order of the KICD curriculum design.
