

Grade 4 Science and Technology

Term 3 - 38 complete lesson plans

Ready to teach, in the KICD lesson-plan format | 35-minute lessons | PDF and editable Word

ABOUT THIS PACK

38 complete, ready-to-teach Grade 4 Science and Technology lesson plans for Term 3, covering force and its effects, light and heat.

TOPICS IN THIS PACK

Topic	Name	Lessons
3.1	Force and its effects	12
3.2	Light	14
3.3	Heat	12

INSIDE EVERY LESSON PLAN

- The specific learning outcomes, key inquiry question, core competencies, values and PCIs, and the resources needed.
- A timed lesson flow: what the teacher does and what the learners do, from introduction to summary.
- The key content (a worked example, notes or a practical with its expected results), then four practice questions with the answers for the teacher.
- The common mistake to watch for, and ideas for learners who need support and for those ready for more.
- A four-level CBC assessment rubric (EE, ME, AE, BE), homework, and a blank reflection space to fill in after teaching.

A TASTE OF LESSON 1

What is a force

By the end of the lesson, the learner should be able to explain what a force is

Force

A force is a push or a pull that can make an object start moving, stop moving, speed up, slow down, or change direction or shape.

Forces are all around us, even when we do not notice them - like gravity constantly pulling objects down.

You also receive this pack as an editable Word file, so you can change any lesson to suit your class before you print it. Lessons follow the order of the KICD curriculum design.
